Most entrepreneurs and business owners work too many hours and don't make enough money. They're hands-on, stressed-out, out of control, over-worked, and under-paid for the energy they put into their companies. They're stuck, don't know what to do next, and need help! An "Entrepreneur of the Year" award winner shares his proven 'Business \$uccess Blueprint' and to build your business to work the way you want it to. **You can produce consistent results every time without your full time supervision.** Run your business like an owner: well rewarded and in-control instead of an over-worked, under-paid, hands-on, do-everything, make-every-decision, stressed-out control freak. Transform your company into a systemized and organized growing business that delivers bottom-line results, builds equity, wealth and freedom.

Start by identifying your vision and goals, replace yourself with operational systems, develop loyal repeat customers, find and keep great people, install financial controls, build equity and wealth, and then seek opportunities to enjoy the freedom and benefits of a successful company. A hard hitting program with motivation, insight, enthusiasm, energy and lots of practical action steps presented by a builder of a \$50 million business.
